

GAS ENGINE ICE CONTROL SPRAYERS

Join the ANTI-ICING revolution!

The **ICS-300** Ice Control Sprayer has a 300 gallon oval tank mounted on a skid frame with a 5.5 H.P. electric start Honda gas engine and a coated Ace centrifugal pump. As an option, units can be equipped with a Banjo 2" x 2" self priming corrosion resistant poly pump with an output of 190 G.P.M. The Anti-icing sprayer is plumbed to be self filling from a storage tank requiring only a hose and not a separate pump. For a full list of the design advantages, contact an MTEC sales representative.
